

**October 26, 2023**

**FFDW | MIT Open Learning Salon**

|                         |                                                                                         |                                                                                                                                    |
|-------------------------|-----------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
| 8:30 a.m. – 9:00 a.m.   | Breakfast / Networking                                                                  |                                                                                                                                    |
| 9:00 a.m. - 9:10 a.m.   | Welcome message                                                                         | Chris Capozzola, Senior Associate Dean Open Learning                                                                               |
| 9:10 a.m. - 9:50 a.m.   | Building a Decentralized World: The Case for Distributed Technologies                   | Danny O'Brien, Senior Fellow at Filecoin Foundation and Ferdi Alimadhi, Senior Director of Engineering at MIT Open Learning        |
| 9:50 a.m. - 10:35 a.m.  | Filecoin Foundation for the Decentralized Web - MIT OCW Mirror Collaboration and Impact | Ian Davis, Senior Impact Partner Engineer at Filecoin Foundation and Curt Newton, Director of OpenCourseWare at MIT                |
| 10:35 a.m. – 10:50 a.m. | Break                                                                                   |                                                                                                                                    |
| 10:50 a.m. - 11:40 a.m. | Future Vision: MIT Research on Decentralized Web                                        | Introduction by Lalana Kagal, Principal Research Scientist at MIT CSAIL with MIT students (Emily Jiang, Irene Tenison, Alice Chen) |
| 11:40 a.m. – 11:55 a.m. | MIT Special Video Presentation                                                          |                                                                                                                                    |
| 12:00 p.m. – 1:00 p.m.  | Lunch Break                                                                             |                                                                                                                                    |

1:00 p.m. - 2:30 p.m.

FFDW Research Updates

OCW UX Enhancements

Curt Newton, MIT

ProofMode: Verifiable Media and Interoperable  
Ecosystems for Decentralized Trust

Nathan Freitas, Guardian  
Project

New Foundations for Networked Communities

Christine Webber-Lemmer,  
Spritely

Harvard University Library Innovation Lab

Jack Cushman, Harvard

MIT Video Archive Digitization

Clayton Hainsworth, MIT

2:20 p.m. - 3:00 p.m.

Fireside Chat: The Future of Decentralized Web

Marta Belcher, General Counsel  
FileCoin Foundation for the  
Decentralized Web in  
conversation with Chris  
Capozzola
